

# Graphing Inequalities

Draw a graph for each inequality.

1)  $x \leq 6$

2)  $k \leq -2$

3)  $a \leq 4$

4)  $x \geq 3$

5)  $m < 2$

6)  $p \geq 5$

7)  $-2 > r$

8)  $b > -6$

9)  $1 \leq x$

10)  $m > 1$

11)  $6 \leq x$

12)  $1 \geq b$

13)  $-4 < -p$

14)  $b > 2$

15)  $-4 > -n$

16)  $-m \leq 2$

17)  $r < 6$

18)  $-n > 0$

Write an inequality for each graph.
